FORTY YEARS SOUGHT FOR!

No Soot! No Clinker! No Gas! No Nuisance!

THE GREENE

Soft Coal Cooking Stove!

This New Stove burns all varieties of Bituminous Coal without forming Clinkers, Making Heat, Creating Gas or Nuisance of any kind, and is especially adapted to burn Slack Coal or Cumin Wood, Corn or Corn-cobs perfectly. It is a good COOKER, BAKER and BROILER. Quick in Operation, and possesses the merit of GREAT ECONOMY. In fact it is Perfection in the way of a Cooking Stove. It is easily cared for: the grate is never jammed, no ashes or cinders to remove, is cleanly in its operations, and is of GREAT DURABILITY.

THE ANNEXED TESTIMONIAL IS ONE OF THE MANY RECEIVED.

From M. S. Chamberlain, Esq., President of the Meane Iron Company.

CHATTANOOGA, Tenn., Jan'y 11, 1880.

Gentlemen:

Hearing the Greene Stove made mention of as being very economical in fuel and satisfactory for family use I, some months since, procured a No. 5 Cooking Stove of this pattern and after thorough trial find it even better than I had expected. I have tested it, not fully with all sorts of coal found in this section including the Tennessee, Indian Shelly, Knoxville, Linsey and Rockwood and find that any of these can be burned either free or cumin without clinker and with very great satisfaction. The stove is emphatically a smoke consumer in which all gases usually wasted up the chimney are utilized, and in point of economy I am within the mark when I say the amount of coal consumed for ordinary cooking and other kitchen purposes is less by one half than in any other stove with which I am acquainted in the market. Its cooking qualities are supremely excellent. It is the only soft coal burner known to me which can be used permanently and successfully in the kitchen, and being quickly heated and so free from dust and dirt as a wood stove, must, as soon as its merits are known, take the place of all other varieties. I am very glad, to say, this much for your stove, as it is gratifying to see an effort to apply valuable scientific principles in household economies meet with such merited success.

I am very truly yours,

H. S. CHAMBERLAIN

This Stove meets a want long felt in those regions where Bituminous Coal is a prevailing fuel. As this important invention, covering the Eastern and Western Coasts, is the property of a Newark Company, Citizens having friends in the Bituminous Coal burning regions are invited to apply to the Company for Circulars and Testimonials, and thus extend the knowledge of this Newark Industry.

◁ PREFACE. ▷

AFTER many years of effort, moving day has been changed from April 1st to May 1st, and henceforth this work will be dated from the 1st of May. It is a very desirable change being in harmony with the moving day of surrounding cities. The change has been well received by our citizens, as it brings them to a season of less discomfort for the breaking up and removal of household goods, and when business and all other surroundings wear a more cheerful aspect.

As for Newark generally, the march of improvement may be seen in every direction, but it is particularly noticeable in the northern and western sections. Factories and dwellings are increasing in number, and it is with pleasure we note the "boom" in small and cheap, yet pretty dwelling houses erected for people of moderate means. The population is estimated at 145,000, and while, as is the case in all manufacturing cities, many yearly remove elsewhere, there is an increase of new names in the Directory, and business, notwithstanding the temporary dullness in trade, is on the increase. It is urged that there is much that might yet be done to increase the prosperity of this city, and there is a continued demand for the opening of the long talked of free highway, and for cheap transit between this city and the metropolis, while it should also be kept in mind that the proposed ship canal through Bergen to connect the waters of the Passaic and Hackensack rivers with those of the Hudson and New York bay, would open a direct communication with the seaboard, and Newark, being a port of entry, would no longer be considered an inland city.

The benefit arising from the circulation of the Newark Directory is demonstrated by the frequency of orders, and of letters of inquiry relative to the various interests of the city, received by the publisher from foreign cities, showing the increasing importance of Newark, and of the Directory as a representative work and medium of information. To this end it has been placed in hotels, on ocean steamers, in foreign exchanges and other places where it could be made useful. For additional interest to citizens a map of railroad routes from New York to Washington, page 81, also to seaside resorts, page 1166, also on the map of the city, a map showing the territory lying easterly between Newark and New York, with the various means of communication between these two cities, have been added, together with other matters of interest for which we would refer to the table of contents. Should any omissions or discrepancies appear, citizens are cordially invited to communicate with the Directory Office, 11 Mechanic street, as all alike are interested, and every one show their colors.

Maps of Newark, also of Essex County and various others may be obtained at the above office.

We regret, in closing, to allude to the death of one of our valued citizens who have been removed from among us during the past year, the most lamented being the Hon. Frederick I. Fisher, Esq., ex Secretary of State, a gentleman dear to the citizens of the entire State, as well as of this city.

THE Albo-Carbon Light

THE PERFECTION OF GAS LIGHTING.

Saves more than One-Half the Cost of Gas.

CLUSTER LIGHTS

From 100 to 2,000

CANDLE : POWER,

—EQUAL—

In Effect to the Electric.

Brilliant,

Economical,

Steady,

THE PERFECTION
OF LIGHT
FOR THE HOME.

Our 1, 2 and 3 Light Gen-
erators, can be attached
to any gas fixture.

AN IMPROVED SYSTEM OF LIGHTING

Churches, Halls, Public Buildings, Stations, Shops, Stores
AND PRIVATE HOUSES.

By our method of enriching the gas, we are enabled to give three times the light obtained by burning it the usual way, and to give a soft, steady, white light.

There are many thousands of them in use in England and on the Continent, and they are being rapidly adopted in this Country for every place where a brilliant, steady, pleasing and always reliable light is needed.

Prof. Stevens, A.M., LL.D., of Girard College, Philadelphia, writes: "Regarding candle power the carbonized gas is equal to 3.25 times the common gas."

G. H. Bosch's Pure Domestic Wine

FOR MEDICINAL AND COMMUNION PURPOSES.

REASONS WHY Physicians recommend this wine in preference to all others :

FIRST—It is no imitation of any Foreign Wine.

SECOND—You buy it direct from the manufacturer, who sees to every detail himself, from the purchasing of the fruit to the time of bottling.

THIRD—There is not a drop of Alcohol used in its manufacture, nor any adulterations, it is therefore the Purest Wine in use. It is not an intoxicating but invigorating Wine, a pure blood strengthening tonic, to be had only in its purity.

ALWAYS READY.

FILE PAT. 1,232,416, 1873 INDEX PAT. SEPT. 1, 1874.

20 FILE CABINET WITH DOORS.

Price \$70 complete. Cabinets, all sizes, from \$11 up.

CABINETS OF ALL SIZES. *Filing Cases* made of wood, not of pasteboard, and covered with marbled paper, with two springs attached to the lid, holding all papers to their place.

POINTS: READ AND OBSERVE.

THE FOYE LETTER FILE, is acknowledged to be the most complete file in use, possessing important features not contained in any other file in the market. You can operate the *Foye Letter* or *Bill File*, with the arm as readily as with the hand, thus giving the perfect freedom of both hands to turn over more rapidly the paper contained therein and remove the one you want without displacing the others.

THE FOYE FILE has a *Strong Clip and Automatic Springs*, which gives firm pressure, holding all papers, large or small, in place, without stopping to adjust any springs as in other files.

THE FOYE FILE is made of Black Walnut and has a strong cover, thus protecting its contents from dust, and gives it the privacy of your ledger, when exposed on your desk.

We make Cabinets and Files of all Sizes, and Indexes to suit any business.

JAMES A. COE, Successor to CROWELL & COE,
IRON AND STEEL,

106 & 108 Mulberry Street, cor. Clinton.

Established 1874.

THESE ENGINES are manufactured from the best materials, the workmanship is of the best quality and finely finished.

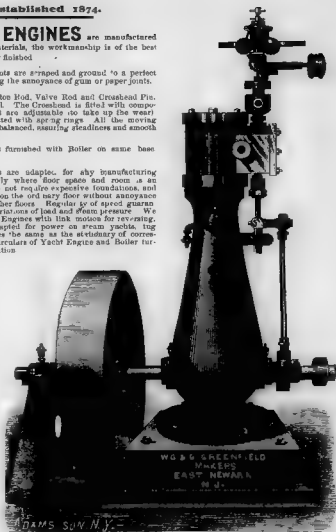

The Steam Joints are scraped and ground to a perfect bearing, obviating the annoyance of gum or paper joints.

The Shaft, Piston Rod, Valve Rod and Crosshead Pin, are of forged steel. The Crosshead is fitted with composition gibs, that are adjustable to take up the wear. The Piston is fitted with spring rings. All the moving parts are evenly balanced, assuring steadiness and smooth running.

The Engine is furnished with Boiler on same base when called for.

These Engines are adapted for any manufacturing purposes, especially where floor space and room is an object. They do not require expensive foundations, and can be placed upon the ordinary floor without annoyance to those on the other floors. Regularity of speed guaranteed under all variations of load and steam pressure. We also make these Engines with link motion for reversing, and are well adapted for power on steam yachts, tug boats, &c. Prices the same as the stationary of corresponding size. Circulars of Yacht Engine and Boiler furnished on application.

This style represents the 3 to 70 Horse Power Engines

Holbrook's Newark Directory.

Holbrook's Directory, a representative work of Newark, circulates throughout this country and in Europe. It can be found in Hotels and Exchanges, on Ocean Steamers on the Atlantic and Pacific Oceans, and to the West Indies, Mexico and South America, hence an excellent medium for making known the manufacturing and business interests of Newark.

D. W. Clegg, Esq., New York "POST OFFICE DEPARTMENT, Washington D. C., March 9th, 1885.

My Dear Sir: I have carefully examined your Combination letter-sheet. I have never seen a more simple convenient and economical device for correspondence purposes. It is also well adapted for inclosing remittances by mail. In my opinion, a popular demand for these letter-sheets must follow upon their introduction.

Very respectfully,

E. J. BALLAN, Chief of Dead Letter Office."

Unglazed Sash.

Hollow
Munten

The use of these sashes gives perfect security without the usual gratings that have a prison-like appearance. Wherever introduced, both Architects and Medical Superintendents testify to their worth.

Among the many Institutions where the above sash is in use, are :

The Iowa Hospital for Insane, Independence, Iowa.

State Asylum for Insane, Morristown, N. J.

State Hospital for Insane, Danvers, Mass.

D. W. Clegg, Esq., New York "POST OFFICE DEPARTMENT, Washington D. C. March 24, 1922.
My Dear Sir: -I have carefully examined your Combination Letter-sheet. I have never seen a more
simple, convenient and economical device for correspondence purposes. It is also well adapted for in-
creasing remittances by mail. In my opinion, a popular demand for these letter-sheets must follow upon
their introduction. Very respectfully,

The Association does not distribute alms. It aims to aid all established benevolent agencies of whatever creed, and every individual donor, to a more intelligent and efficient care of the poor.

It endeavors to exterminate giving to unknown persons, to punish fraud, and to secure for every worthy case of poverty in the city one friendly visitor, who shall report its circumstances monthly to a body representing all the organized and very much of the individual charity of Newark.

It offers to furnish gratuitously to proper inquirers, information concerning every applicant for charity, upon request, through an investigation ticket given to the applicant, and its already large store of information concerning thousands of cases will be augmented in proportion to your command of its services.

ELECTION OF PRESIDENT AND VICE PRESIDENT OF THE UNITED STATES
ELECTORAL COLLEGE.

"The voters elect in the several States as many persons as there are members of Congress, known as Electors. These electors meet at the State Capitals upon a fixed day, and cast the electoral vote of the State for President and Vice President. Copies of this vote are sent by messenger to the United States Secretary of State and to the President of the United States, remain open and counted at a joint meeting of both Houses of Congress in February following the election. The persons receiving the majority of the electoral votes for the two offices are declared duly elected President and Vice Presidents of the United States for four years from the ensuing 4th of March. In case no party has a majority of the electoral vote, the election is made by the House of Representatives alone, each State casting one vote (which is controlled by a majority of the Electors) and a majority of all the states is necessary to a choice."

No Senator or Representative, or person holding an office of trust or profit under the United States is eligible for an Elector.

All Postage Matter, for delivery within the United States, must be prepaid by stamps.

REVENUE STAMPS NOT PASSED FOR POSTAGE.

All letters remaining in the office are advertised in all city papers, and put on a bulletin in the lobby of the Post Office on Tuesday of each week. If not claimed within four weeks thereafter, they are forwarded to the Dead Letter Office. In calling for these letters say *Advertised*.

Letters for Canada must be fully prepaid 2 cents each $\frac{1}{2}$ ounce; registry fee, 10 cents.

All mail matter not sent at letter rates must be so enveloped that the contents can be readily examined, otherwise it will be charged at letter postage.

Letters only can be forwarded from one post office to another (as in cases of removal, etc.) at the request of the party address-

For Contents of this Work, see p. 8.

ed, without extra charge. Papers, &c., are forwarded, charged with additional postage. Return dead letters are also sent back to the writer free.

NEWSPAPERS.

Newspapers, when sent by Publishers or Newdealers to subscribers, must be prepaid at the mailing office, at the following rates: 2 cents per pound. When sent by others than Publishers and Newsdealers, 1 cent for each 4 oz. or fraction thereof.

County newspapers free—providing publication office and subscribers are in the same county.

Prepayment on all printed matter compulsory.

Sample cards, cards and other flexible material, blanks, blank paper, engravings, envelopes, seeds, acions (except circulars and books), are rated at 1 cent for every 1 ounce, or fraction thereof, prepaid. None forwarded unless prepaid.

Manuscript, when accompanied by proof sheets, 1 cent each 2 ounces.

Postage on books, not exceeding 2 ounces (prepaid), 1 cent., And for each additional 2 ounces, or fraction thereof, 1 cent. (Weight limited to 4 lbs.)

Unsealed Circulars for city delivery, 1 cent each 2 ounces, or fraction thereof; must contain no writing or figures.

All communications addressed to Postmasters must be prepaid; and if a reply is required, stamps for return postage must be included. Prepayment in all cases is compulsory.

Money Orders—Office open from 8 A. M. to 3.30 P. M. Orders within the United States, not exceeding \$10, 8 cents; over \$10 and not exceeding \$15, 10 cents; over \$15 and not exceeding \$30, 15 cents; over \$30 and not exceeding \$40, 20 cents; over \$40 and not exceeding \$50, 25 cents; over \$50 and not exceeding \$60, 30 cents; over \$60 and not exceeding \$70, 35 cents; over \$70 and not exceeding \$80, 40 cents, and \$80 to \$100, 45 cents. These rates took effect October 1, 1883.

Money Orders to Great Britain and Ireland—Not exceeding \$10, 25 cents; over \$10 and not exceeding \$20, 50 cents; over \$20 and not exceeding \$30, 70 cents; over \$30 and not exceeding \$40, 85 cents; over \$40 and not exceeding \$50, \$1.

Money Orders to Jamaica, New South Wales, New Zealand and Victoria—Rates and fees same as Great Britain.

Money Orders to Canada, Germany, France, Italy or Algeria—Not exceeding \$10, 15 cents; over \$10 and not exceeding \$20, 30 cents; over \$20 and not exceeding \$30, 45 cents; over \$30 and not exceeding \$40, 60 cents; over \$40 and not exceeding \$50, 75 cents.

Money Orders to Switzerland—Not exceeding \$10, 15 cents; over \$10 and not exceeding \$20, 30 cents; over \$20 and not exceeding \$30, 45 cents; over \$30 and not exceeding \$40, 60 cents; over \$40 and not exceeding \$50, 75 cents.

No fractions of cents to be introduced in an order.

For Business Directory, see back of this Work.

United States Treasury notes or National Bank notes only received or paid.

Post Money Orders, for sums not exceeding \$100 each order, can be obtained at the principal offices throughout the country. The use of these orders, by persons who desire to make remittances by mail, is far preferable to sending money, even when the letter containing it is registered. By the money order system, *absolute security* against loss is obtained. Money orders are good for one year from the date of issue. In case of their loss, no charge is made for the issuing of duplicates. Persons sending money orders should be careful never to send them in a letter which contains the name of the person from whom they are sent. This is necessary in order to guard against loss in case the letter should fall into improper hands; money orders *never* being paid to any person who cannot tell the name of the party to whom they were issued.

Postal notes for the transmission of small sums under five dollars, on which a fee of three cents shall be charged, were issued about October 1, 1883.

As letters are frequently dropped in the letter-boxes insufficiently paid, persons who are not certain in regard to weight, rates, etc., would do well to inquire of the Stamp Clerk before mailing them. If sent to the Dead Letter Office they are delayed two or three mails.

The object of this institution is to reform boys and girls committed by the Police Justices, for truancy and such conduct as indicates they are beyond the control of parents. It is a public reformatory supported by the city, taking children viciously inclined, and inuring them to habits which tend to lives of usefulness. The Home is in no sense like a prison, but the intent is to make it what its name implies, a "home" for wayward children.

NEWARK INDUSTRIAL INSTITUTE.

OFFICE, 11 MECHANIC STREET.

Chartered March 21, 1873.

Capital, \$150,000.

"The object of this Association is the encouragement and advancement of manufactures and the mechanical arts of the city of Newark, and the development of its capacity as a centre of manufacturing industry, by the holding of exhibitions of its products, and the encouragement of a knowledge of science and art in their relations to arts and manufactures." (This chartered institution was the outgrowth of the Newark Industrial Exhibition of 1872, through which the name of Newark, as a great manufacturing city, was made known throughout the world. By this exhibition it was demonstrated that Newark possessed an abundant variety of manufacturers to hold an exposition exclusively of its own products, which no other city in the world had attempted. Its success was pre eminent—netting a surplus of 10 per cent. Value of exhibits, \$900,000, its visitors, 115,000, and from every part of the globe. The exhibitions were suspended in 1876, owing to the draft upon our manufacturers by the Centennial Exhibition at Philadelphia.)

POSTOFFICE INFORMATION.

FIRST CLASS MAIL MATTER.

This includes letters and all mail matter in the nature of personal correspondence, all manuscript copy for books, newspapers, etc., (except when accompanying printed sheets of the same), all matter in a sealed package, or that was enclosed that the contents cannot be examined without injuring the wrapper, all matter wholly or partly in writing (except as hereinafter provided), and all signs and drawings produced by hand. In the case of matter of the first class, except postal cards and drop letters, postage must be prepaid at the rate of one cent for each half ounce or fraction thereof. Drop or local letters, at post-offices having a rate of two cents per half ounce or fraction thereof, at all other places one cent per half ounce. (The rate of postage will be charged on all matter to be sent by communication in writing, or by any signs or marks, except those noted under "second," "third," or "fourth" class mail matter, and upon all matter that is so marked that it cannot be examined without destroying the wrapper.)

The postage of one cent each is paid by the stamp or by the use of postal cards, and no further payment is required.

There is a "postal card" except such as are issued by the postoffice department. An ordinary printed business card may be sent through the mails when prepaid with one cent postage stamp attached, but such card must contain absolutely no written matter except the address, otherwise it will be treated as not fully prepaid, and refused admission into the mails.

SECOND CLASS MAIL MATTER.

NEWSPAPER AND PERIODICAL PUBLICATIONS.—The second class mail matter of the second class apply only to newspapers and periodical publications sent regularly to the publishers to their subscribers. Two cents a pound, payable at office of mailing.

THIRD CLASS MAIL MATTER.

MISCELLANEOUS PRINTED MATTER.—Mailable matter of the third class includes books, transient newspapers, and periodicals, circulars and other matter wholly in print (not of the second class), proof sheets, corrected proofs, and manuscript copy accompanying the same, but manuscript copy unless so accompanied is charged higher rates, also engravings, photographs (chromos, lithographs) and matter reproduced by hectograph or similar process when not in the nature of personal correspondence, and postage shall be paid at the rate of one cent for each half ounce or fraction thereof. (The rate of postage shall be fully prepaid by postage stamps attached to such matter.)

All packages of matter of the third class must be so wrapped or enveloped, with open sides or ends, that the contents may be readily and thoroughly examined by postal officers without destroying the wrapper.

Matter of the third class enclosed in sealed envelopes marked at the ends or sides, or with the corners cut off, shall be mailed except at letter postage rates.

Single books in separate packages which weigh in excess of four pounds are admitted.

"Printed matter" is defined to be the reproduction upon paper, by any process except that of handwriting or copying press, of any words, letters, characters, figures or images, or of any combination thereof, not

having the character of an actual and personal correspondence.

Packages of matter of this class may weigh not exceeding four pounds, single books excepted as above.

FOURTH CLASS MAIL MATTER.

MERCHANDISE, SAMPLES, ETC.—Mailable matter of the fourth class includes all matter not embraced in the first, second or third class, which is not in its form or nature liable to destroy, deface or otherwise damage the contents of the mail bag or harm the person of any one engaged in the postal service.

Other articles of the fourth class which, unless properly secured, might destroy, deface, or otherwise damage the contents of the mail bag or harm the person of any one engaged in the postal service, may be transmitted in the mails when they conform to the following conditions:—
1st. They must be placed in a bag, box, or removable envelope made of paper, cloth, or parchment, and such bag, box, or envelope must again be placed in a box or tube made of metal or some hard wood, with sliding clasp, or screw lid, or in case of articles liable to break, (as of glass), the inside box, bag or envelope must be surrounded by sawdust, cotton, or spongy substance.
2d. In cases of sharp pointed instruments, the points must be capped or encased, so that they may not by any means be liable to cut through their enclosure, and where they have blades, such blades must be bound with wire, so that they shall remain firmly attached to each other.
3d. The whole must be capable of easy inspection.

All matter of the fourth class is subject to a postage charge at the rate of ONE CENT AN OUNCE OR FRACTION THEREOF, to be prepaid by stamps affixed.

Packages of matter of the fourth class may weigh not exceeding four pounds.

REGISTRATION.

All kinds of postal matter can be registered, except "second class matter," at the rate of ten cents for each package, in addition to the regular postage rates.

MONEY ORDER RATES.

Money orders are issued and are payable at any money order postoffice in the United States upon which they may be drawn.

If a money order is lost, a certificate should be obtained from both the paying and issuing postmasters that it has not been paid and will not be paid, and the Department at Washington will issue another on application.

If a money order is not collected within one year from date it is invalid, and the amount thereof can only be paid by means of a duplicate issued by the Department at Washington on application through the postmaster who issues or pays it.

Not more than three orders may be issued in one day to the same remitter and in favor of the same payee payable at the same postoffice.

Current money of the United States only received or paid on money orders.

On orders not exceeding \$10.	8 cents
Over \$10 and not exceeding \$25.	10 "
Over \$25 and not exceeding \$50.	15 "
Over \$50 and not exceeding \$100.	20 "

A SIMPLE MODE OF COMPUTING INTEREST.

Multiply any given number of dollars by the number of days of interest required, separate the right hand figure and divide by six. The result is the true interest for such a number of days at six per cent. This rule is simple and true, according to all business usages. There being no such thing as a fraction in it, there is scarcely any liability of error or mistake; and by no other arithmetical process can such desired information be obtained with so few figures.

**TYPE
WRITER**

The Remington Standard, No. 2.

is the highest achievement in Writing Machines in the World
With only 38 keys to operate, it prints 75 characters, including
caps and small letters, punctuation, figures and fractions. It is
the simplest and most rapid writing machine made, as well as
the most durable Type Writer made. Instruction given

THE "CROCKFORD" Steam Damper Regulator.

Simple in Construction,
Positive in Action.

For Durability Unexcelled.
Price, \$25.00 Net.

THIS cut represents one of the most simple and efficient Damper Regulators ever invented for the regulation of draft in the furnaces of steam boilers and is so constructed, that it can be attached to any boiler or steam generator, and will maintain the steam at any desired pressure, any variation from which will check or open the draft automatically as may be required.

When the machine is once adjusted it requires no further attention but will do its work perfectly. It is light and compact, Simple in Construction, Positive in Action, and is not liable to derangement or loss of sensitiveness from time or use.

The CROCKFORD STEAM DAMPER REGULATOR is not only sure to pay for itself in the saving of fuel but will render a boiler Absolutely Safe from over pressure of steam, and requires Equal Expansion. This is the first prolong the life of a boiler and in many cases save the cost of repairs, and will guard against danger to life and property.

Every Damper Regulator is tested to 250 pounds hydraulic pressure before leaving the factory, and is warranted to work equal to any high priced Damper Regulator in the market.

The Regulator is suitable for Locomotive Stationary or Marine Boilers, high or low pressure, from One to One Thousand Horse Power and can be adjusted by any one to carry from one pound to one hundred and fifty pounds pressure per square inch if required.

The Damper Regulators are made one size only, the adjustment of the weight supplying every need.

The following are a few of the principal firms using the Crockford Steam Damper Regulator:
